

AADHRITA 2020

MVGR COLLEGE OF ENGINEERING (A)

TS INDUSTRIAL

(Education redefined)

EVENT DESCRIPTION:

It was only about the academics and students focussed on passing the exam nowadays. In order to engage students and prepare them for the real world, 'Aadhritha' is introducing the spectacular event "TS Industrial" this event is aimed at providing the students to industrial exposure where everyone has been dreaming to work. As developing industries always supposed to tackle most emerging problems, they often prefer to hire candidates who are equipped with expertise in their field who reflect their spontaneity in solving the problem given to them and interacting with their clients. This event focusses on encouraging the students to rack their brains and provide solutions for any existing substantial problems. Do participate in the event to test your mettle and prove yourself as an efficient engineer.
